## EXPERIENCE

**IDF / Military Service,** Help Desk & Software Developer
**MARCH 2020 – NOV 2022**
- Provided technical support and assistance to hundreds of users,
addressing hardware and software issues promptly and effectively.
- Developed automation solutions to help managing Active
Directory users effectively (e.g. password resets and account
updates).
- Developed a utility application that automates available IP
addresses lookup.
- Awarded Certificate of Military Excellence for significant
contributions and outstanding service.
- Selected among numerous soldiers to participate in a military
exercise in Cyprus.

**Luda Coffee Shop,** Front-End Developer
**2021**
- Collaborated with a designer to develop a responsive website for
'Luda Coffee Shop,' a local coffee shop located in Lod.
- Worked according to product requirements, ensuring that the
website met the specific needs and goals of the coffee shop.
